Subject Title	Project
Credit Value	3
Level	5
Normal Duration	One Semester
Pre-requisite / Co-requisite/ Exclusion	Exclusion: Project (AF5933)
Objectives	This course allows students to integrate theory with practice through an individual assignment which requires intensive and extensive investigation to come up with a quality report with relevant findings and sound recommendations (Outcome 3). It aims to develop and measure the students' abilities to analyze and solve a complex problem (Outcome 2).
Intended Learning Outcomes	Upon completion of the project, students should be able to: a. identify problem areas or critical issues that are related to various functions of finance; b. design and select the appropriate research methodologies by making reference to well-established literature; c. collect and analyse relevant data, provide solutions to problems and draw appropriate conclusions; d. carry out their study in a logical, disciplined and timely manner; and e. apply appropriate presentation skills to write up a project report in a clear, concise, precise and systematic manner.
Subject Synopsis/ Indicative Syllabus	There is no formal syllabus. Students are required to carry out, under the supervision of their supervisors, a series of activities which are set out in the Project Manual.
Teaching/Learning Methodology	An introduction seminar will be given at the beginning to explain the key issues of the subject; students are then required to carry out their 3-credit projects in consultation with their supervisors. Either group or individual projects are allowed. The number of students of each group must not exceed 2. The quality and scope of the project must reflect both the size of the group and the credits to be obtained from this course. <i>(Prior approval from programme leader is required if student would like to do the 3-credit Project individually.)</i>
