Objectives	This subject aims to enhance students' Chinese competence, in particular listening and dialoguing, with necessary project stakeholders, and to cope with the workplace communication requirements relating to their training in the Social, Cultural and Design fields.
Intended Learning Outcomes (Note 1)	Upon completion of the subject, students will be able to: - Competence in modern Chinese writing in terms of syntactic correctness, lexical collocation and textual coherence; - Develop analytical thinking skills for better organization and presentation of ideas; - Master the formal essentials in written genres with particular reference to professional proposal in Chinese; - Communicate effectively both in oral presentation (Putonghua optional) and practical writing; - Acquire advanced Chinese skills in reading and comprehending academic texts relating to the design and culture disciplines. - Listen, read and think carefully before jumping into conclusion. Students will be required to read and write intensively for enhancing their proficiency level in written Chinese. The mastering of effective communication skills in both written and spoken Chinese will also facilitate their life-long learning in various disciplines.
Subject Synopsis/ Indicative Syllabus (Note 2)	Indicative Content: ● Structure of language and ideas ● Reading strategy and comprehension of texts ● Local thinking and writings ● Organization of ideas and paragraphing various Chinese genres such as, topic writing, newsletter, arts criticism and pamphlet. ● Accuracy and effectiveness in oral communication and presentation ● Summarising, paraphrasing and expressing key ideas in Chinese academic writing

Teaching/Learning Methodology (Note 3)	The subject will motivate the students’ active participation by assigning group collaboration, individual presentation and group discussion. Teaching materials will be presented in both printed mode and audio-visual mode. For the training of accuracy in written and spoken Chinese, students will be supplemented with materials in self-access manner. Teacher consultation will be offered to the students depending on individual need. Lessons will be conducted in Putonghua.																																																						
Assessment Methods in Alignment with Intended Learning Outcomes (Note 4)	<table><tr><th rowspan="2">Specific assessment methods/tasks</th><th rowspan="2">% weighting</th><th colspan="6">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th></tr><tr><th>a</th><th>b</th><th>c</th><th>d</th><th>e</th><th>f</th></tr><tr><td>Test/ Exercises</td><td>20%</td><td>✓</td><td>✓</td><td></td><td>✓</td><td></td><td>✓</td></tr><tr><td>Written Assignments</td><td>45%</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td></tr><tr><td>Oral Presentation</td><td>25%</td><td></td><td>✓</td><td></td><td>✓</td><td></td><td>✓</td></tr><tr><td>In-class participation</td><td>10%</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td></tr><tr><td>Total</td><td>100 %</td><td colspan="6"></td></tr></table> The assessment includes quizzes, oral presentation and practical writing on criterion-referenced basis. It develops an ever-growing competence in writing which focuses on active intellectualization as well as evaluates students’ writing communication skills, pronunciation, vocabulary, colloquial expression vs. formal expression, writing and speaking achievement. Students may use GenAI in assessment unless they have been told otherwise before the assessment. The work submitted for assessment must be students’ own work. The submitted work may not be accepted for the purpose of assessment if its authenticity is questionable. Third-party materials (included AI-generated materials) used in the work must be properly referenced. Submitting third-party materials as their own work is an act of academic dishonesty and will lead to disciplinary actions. Departments and subject teachers have the discretion to request students to make an honour declaration for the authenticity of the work they submit for assessment. Note 1: Intended Learning Outcomes

Intended learning outcomes should state what students should be able to do or attain upon completion of the subject. Subject outcomes are expected to contribute to the attainment of the overall programme outcomes.

Note 2: Subject Synopsis/ Indicative Syllabus

The syllabus should adequately address the intended learning outcomes. At the same time over-crowding of the syllabus should be avoided.

Note 3: Teaching/Learning Methodology

This section should include a brief description of the teaching and learning methods to be employed to facilitate learning, and a justification of how the methods are aligned with the intended learning outcomes of the subject.

Note 4: Assessment Method

This section should include the assessment method(s) to be used and its relative weighting, and indicate which of the subject intended learning outcomes that each method purports to assess. It should also provide a brief explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes.
