

Subject Code	ENGL5046
Subject Title	Communication and Leadership Strategies
Credit Value	3
Level	5
Pre-requisite/ Co-requisite/ Exclusion	N/A
Objectives	This course aims to enhance students' communication skills and leadership qualities in both creative and business contexts. It integrates oral language arts with practical communication strategies, focusing on effective public speaking, and collaborative problem-solving. Students will develop proficiency in diverse communicative situations, preparing them for leadership roles in various professional settings.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: Category A: Professional/academic knowledge and skills a. Deliver effective oral presentations across various genres, including business and creative contexts. b. Utilize Generative AI and other technologies ethically to enhance communication strategies. c. Critically evaluate and refine communication content for clarity and impact. d. Participate effectively in both in-person and online meetings and discussions. Category B: Attributes for all-roundedness e. Demonstrate leadership and entrepreneurial skills through effective communication. f. Apply critical and creative thinking to solve complex problems. g. Collaborate effectively in diverse teams, displaying confidence and adaptability.
Subject Synopsis/ Indicative Syllabus	This subject covers a range of communication strategies and leadership skills, including: • Oral presentations and public speaking in creative and business contexts • Ethical use of AI and technology in communication • Business report writing and analysis • Organizational communication and meetings • Leadership and team collaboration exercises

Teaching/Learning Methodology	The course employs a task-based, student-centered approach with interactive seminars, role-plays, group discussions, and reflective activities. Students will engage in both individual and collaborative tasks to develop their communication and leadership skills.								
Assessment Methods in Alignment with Intended Learning Outcomes	Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)						
			a	b	c	d	e	f	g
	1. Oral Presentation	25	√	√	√		√		
	2. Business Report	25		√	√	√			
	3. Group Project	30				√	√	√	√
	4. Active participation	20	√				√	√	√
	Total	100 %							
Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes:									
1. Oral Presentation: Students will deliver presentations that demonstrate their ability to integrate creative and business communication strategies. 2. Business Report: Students will analyze data and produce a coherent business report, showcasing their ability to apply communication theories. 3. Group Project: Students will tackle a real-world communication challenge, applying leadership and collaborative skills. 4. Participation: Active engagement in class activities will be assessed to encourage continuous learning and application of skills.									
Student Study Effort Expected	Class contact:								
	▪ Lectures/ Seminars								39 Hrs.
	▪ Other student study effort:								
	Preparation for lectures and seminars								27 Hrs.
	▪ Preparation for assessments								54 Hrs.
	▪ Total student study effort								120 Hrs.
