

The Hong Kong Polytechnic University

Subject Description Form

Subject Code	ITC522
Subject Title	Strategic Quality Management
Credit Value	3
Level	5
Pre-requisite / Co-requisite/ Exclusion	Nil
Objectives	This subject intends to provide students with an understanding of strategic management concepts, research, and theories with emphasis on the quality issue. Cases in different industries are used in class for students to expand on concepts and critical issues significant to policy formulation and strategy implementation as well as the management of strategic change in different organizations while intellectual synthesis and group leadership for students will characterize business gaming simulation sessions in seminar.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: 1. Understand the interdisciplinary nature of quality decision making at the policy level within organisations. 2. Apply techniques gained in other parts of the course to identify, analyse and propose action dealing with quality issues related to managerial and operational problems within organisation. 3. Integrate and relate functional knowledge specific to any industry to form a foundation framework for improved organizational performance. 4. Think strategically and to act proactively as agents of organisational change with a focus on quality issues.

Total	100 %																																						

	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: Group project and final exam will allow assessment of students' understanding of the concepts, principals, and techniques taught in class and their competence to reconcile academic theory with actual practice. The individual assignment, group project and final exam will be used to determine how well they are able to apply the knowledge learnt in analysing the real-life cases by demonstrating the tools used.	
Student Study Effort Expected	Class contact:	
	▪ Lecture	28 Hrs.
	▪ Tutorial	11 Hrs.
	▪ Self-study	66 Hrs.
	Total student study effort	105 Hrs.
