

Subject Description Form

Subject Code	ITC6000L
Subject Title	Research Seminars I
Credit Value	1
Level	6
Pre-requisite / Co-requisite / Exclusion	Nil
Objectives	The subject prepares the research student towards the acquisition of knowledge for a wide range of research topics, approaches and perspectives. It will enable the student to keep abreast of the latest and most up to date research areas and approaches. This subject will enable the student to proactively acquire independent original thought.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: a. Understand research approaches for a range of current topics. b. Study and analyse different types of research independently. c. Gain knowledge of a diverse range of research methodologies. d. Acquire competence in research methods and scholarship
Subject Synopsis/ Indicative Syllabus	This subject aims to provide students with the knowledge of current research methods and scholarship and encourage them to develop and display sustained independent effort and independent original thought. SFT will hold research seminars each year which enable research students to present and share their newest research developments. Research students are also encouraged to join research seminars held by other departments and institutions.
Teaching/Learning Methodology	This subject comprises of seminars which are organised for research students and invited academics to share and disseminate their research. Students are required to attend at least 10 research seminars and submit a report, to the Chief Supervisor, of no less than 1,500 words (excluding references) on one of the attended seminars every year.

Assessment Methods in Alignment with Intended Learning Outcomes	Specific assessment methods/tasks		% weighting		Intended subject learning outcomes to be assessed (Please tick as appropriate)					
					a	b	c	d		
	1. Report (1500 words)		100%		✓	✓	✓	✓		
	Total		100%							
	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes:									
Student Study Effort Expected	Class contact:									
	Other student study effort:									
	▪ Seminars								20 Hrs.	
	▪ Report Writing								5 Hrs.	
	Total student study effort								25 Hrs.	
Remarks	Full-time students are required to attend at least 10 research seminars per academic year, in addition to workshops/conferences, and to submit a report, to the Chief Supervisor, of no less than 1,500 words (excluding references) on one of the attended seminars every year. Part-time students are required to attend at least 10 research seminars per two academic years, in addition to workshops/conferences, and to submit a report, to the Chief Supervisor, of no less than 1,500 words (excluding references) on one of the attended seminars once every two years. The research seminars may or may not be organised by the host department and are expected to last not less than an hour each. RPg students should discuss with their Chief Supervisors the relevance and suitability of the seminars before attending the seminars. The scope of a seminar attended by an RPg student should have significant research value to his/her study, enabling him/her to keep abreast of the latest discovery and enhancing his/her knowledge in the field(s). Chief Supervisors are required to assess the report (with a pass or failure grade). Students who failed to submit a report to the satisfaction of their Chief Supervisor are required to make a re-submission until a pass grade is obtained. The Chief Supervisor has to pass the record of the seminars attended by their students and the report with a pass grade to the Research Office for custody at the end of each academic year.
