

Subject Description Form

Subject Code	ITC6954
Subject Title	Business III: Managing Global Apparel Supply Chains
Credit Value	3
Level	6
Pre-requisite / Co-requisite / Exclusion	Nil
Objectives	This subject aims to provide a guided study for postgraduate whose research interest lies in the co-ordination and configuration of global apparel supply chains.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: - Identify the development of global apparel supply chains. - Delineate the co-ordination of global apparel supply chains. - Review models for assessing global apparel supply chain performance. - Deploy push/pull strategies in relation to apparel products and supply chain characteristics. - Specify information systems needed for managing global apparel supply chains. - Design the configuration for global apparel supply chains in relation to the logistics of inventories.
Subject Synopsis/ Indicative Syllabus	- Theory and concepts of global apparel supply chain management - System thinking and system dynamics - Quick response: origins, applications and implementations - Global commodity chain - Supply chain modeling and Sourcing Simulator - Information integration and Product Lifecycle Management (PLM) - Lean retailing - Manufacturing transformation and team approach production - Forecasting and postponement strategies - Cases for global apparel supply chains, for example, Sport Obermeyer, Zara, VF Corp, Lands End, Uniqlo, etc.
Teaching/Learning Methodology	The teaching/learning methodology will be in the form of guided study utilizing such interactive approaches as discussions, critical reviews, and presentations. Students will be required to carry out individual research on selected topics relating to global apparel supply chains and are required to provide critiques based on their findings.

Assessment Methods in Alignment with Intended Learning Outcomes	Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)

	1. Presentations	45%	✓	✓	✓	✓			
	2. Examinations	55%			✓	✓	✓	✓	
	Total	100%							
	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes:								
Student Study Effort Expected	Class contact:								
	▪ Lectures						10 Hrs.		
	▪ Tutorial						8 Hrs.		
	▪ Seminar/Presentation						8 Hrs.		
	Other student study effort:								
	▪ Individual research						58 Hrs.		
	▪ Final report writing						36 Hrs		
	Total student study effort						120 Hrs.
