

Subject Description Form

Subject Code	ITC3012D
Subject Title	Fashion Illustration
Credit Value	3
Level	3
Pre-requisite/ Co-requisite/ Exclusion	Pre-requisite: ITC2001D Design Studies Exclusion: ITC3030K Fashion Knitwear Illustration and SFT309FD Fashion Illustration
Objectives	The subject identifies various professional methods of presenting fashion illustrations in a contemporary and artistic way, and explores creative means of drawing fashion illustrations through theoretical analysis and practicum.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: (a) describe, analyse and compare the various methods of fashion illustration used by the fashion industry for effective fashion communication and presentation; (b) apply the required professional skills and techniques of fashion illustration to visual presentation of fashion items or collections; (c) effectively and creatively integrate and extend the present theories, concepts and knowledge of fashion illustration in developing their own distinctive drawing style; (d) demonstrate awareness and aesthetics through fashion illustration for advanced design studies and portfolio development.
Subject Synopsis/ Indicative Syllabus	(I) Drawing and sketching techniques • Use of various lines and shade; • Scale of garments and relationship between clothes and the body; • Quick sketching; • Drawing of various materials and textures. (II) Colouring techniques • Colouring with various tools such as markers and colour pencils; • Editing illustrations with computer software. (III) Technical drawing • Production drawing to scale; • Drawing of various items and garment details; Using computer software for technical drawing.

Teaching/Learning Methodology	This subject will be conducted in the studio and computer laboratory by means of interactive teaching. Activities will include demonstration of drawing and fashion illustration, and hands-on workshops. Various assessment methods will be used including an in-class drawing test and a project designed to develop the ability of students in employing the concepts and knowledge of fashion illustration creatively and effectively.																																								
Assessment Methods in Alignment with Intended Learning Outcomes	<table><tr><th rowspan="2">Specific assessment methods/tasks</th><th rowspan="2">% weighting</th><th colspan="4">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th></tr><tr><th>a</th><th>b</th><th>c</th><th>d</th></tr><tr><td>Continuous Assessment</td><td>100%</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td></tr><tr><td>1. <i>In-class drawing test</i></td><td>30%</td><td></td><td>✓</td><td>✓</td><td></td></tr><tr><td>2. <i>Final project</i></td><td>70%</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td></tr><tr><td>Examination</td><td>0%</td><td></td><td></td><td></td><td></td></tr><tr><td>Total</td><td>100%</td><td colspan="4"></td></tr></table> Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: The in-class drawing test will assess students’ professional skills and techniques of fashion illustration, as well as their ability of developing their unique drawing styles based on the knowledge of fashion drawing. The final project will assess students’ aesthetics sense through fashion illustration, professional skills in presenting fashion collections, distinctive drawing styles and creativity in visual presentations. The materials submitted for this assessment must be the student’s own work. The submitted work may not be accepted for the purpose of assessment if its authenticity is questionable. Submitting GenAI-generated materials as students’ own work or part of their work is an act of academic dishonesty. Students who are found committing academic dishonesty will face disciplinary actions.
