- Insights from fashion consumer behavior
- Managing fashion business and developing innovative strategies

Teaching/Learning Methodology	Lectures will focus on the introduction and explanation of key concepts and theories on consumer behaviour, with specific reference to the current fashion business. Seminars and tutorials will provide students with the opportunity to deepen their understanding of concepts and theories taught in lectures and to apply them in various segments, like mass market and luxury market. Various activities will be included, such as student presentation and discussion of problem sets and case studies. Different tools will be used, like presentation, written report, test and examination, to assess students’ performance.						
Assessment Methods in Alignment with Intended Learning Outcomes	Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)				
			a	b	c	d	e
	Coursework	50%	✓	✓	✓	✓	✓
	Examination	50%	✓	✓	✓	✓	
	Total	100%					
	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: The coursework will be used to assess students’ ability to analyse the behaviour of fashion product consumers, evaluate the impact of various factors on consumer behaviour and devise strategies for effective marketing of fashion products. Students will be required to professionally communicate and present their results and findings in their coursework. Final examination will be used to assess students’ knowledge of key concepts and theories on consumer behaviour, and their ability to apply knowledge learnt to analyse and devise proper strategies to solve problems concerning the behaviour of fashion product consumers.						
Student Study Effort Expected	Class contact:						
	• Lecture					26 Hrs.	
	• Tutorial					12 Hrs.	
	Other student study effort:						
	• Self-study and group work					34 Hrs.	
	• Pre-class and assignment preparation					33 Hrs.	
	Total student study effort					105 Hrs.
