

Subject Description Form

Subject Code	ITC3030K
Subject Title	Fashion Knitwear Illustration
Credit Value	3
Level	3
Pre-requisite(s) / <Co-requisite> / (Exclusion)	ITC1200D Introduction to Fashion Presentation (ITC3012D Fashion Illustration)
Objectives	The subject identifies various professional methods of presenting knitwear fashion illustrations in a contemporary and artistic way, and explores creative means of drawing fashion illustrations through theoretical analysis and practicum.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: - describe, analyse and compare the various methods of knitwear fashion illustration used by the fashion industry for effective fashion communication and presentation; - apply the required professional skills and techniques of knitwear fashion illustration to visual presentation of knitwear portfolios or collections; - effectively and creatively integrate and extend the present theories, concepts and knowledge of knitwear fashion illustration, and develop distinctive drawing styles; - demonstrate awareness and aesthetic judgement through knitwear fashion illustration for advanced knitwear design studies and knitwear portfolio development.
Subject Synopsis/ Indicative Syllabus	(I) Fundamentals of Knitwear Fashion Illustration Understanding various constraints in conceptual drawing of knitted garments (II) Drawing and sketching Techniques Use of various lines and shade Scale of garments and relation between clothes and body Sketching Drawing of different knitted structures (III) Colouring Techniques Colouring with various tools such as markers and colour pencils Editing illustrations with Photoshop (IV) Technical Drawing Production drawing to scale Drawing of various knitwear items and details Using Adobe Illustrator for technical drawing

Teaching/Learning Methodology	This subject will be conducted in the studio and computer laboratory by means of interactive teaching. Activities will include demonstrations, practical work and presentations by the lecturers and students. Various assessment methods will be used including class work and projects designed to develop the ability of students in extrapolating and employing the concepts and knowledge of fashion illustration creatively and effectively.						
Assessment Methods in Alignment with Intended Learning Outcomes	Specific assessment methods/tasks		% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)			
				a	b	c	d
	Continuous assessment	100%	✓	✓	✓	✓	
	1. Class work	30%	✓	✓	✓	✓	
	2. Project	70%	✓	✓	✓	✓	
	Examination	0%					
	Total	100%					
	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: The class exercise will assess students’ professional skills and techniques of fashion illustration, as well as their ability to develop unique drawing style based on the knowledge of fashion drawing. The project will assess students’ learning outcomes including aesthetics through fashion illustration, professional skills in presenting fashion collections, distinctive drawing style and creativity in visual presentation.						
Student Study Effort Expected	Class contact:						
	▪ Studio				39 Hrs.		
	Other student study effort:						
	▪ Assignments / Project				69 Hrs.		
	Total student study effort				108 Hrs.
