

Subject Description Form

Subject Code	ITC321PC
Subject Title	Capstone Project and Dissertation Preparation
Credit Value	4
Level	3
Pre-requisite/ Co-requisite/ (Exclusion)	<i>Students who are non-Chinese speakers or whose standards are at junior secondary level or below, and assigned to take CLC1151/ CLC1152/ CLC2151/ CLC2152, will be exempted from CLC components in the subject.</i> (ITC3042T Professional Language Skills and Project Preparation (by Thesis) or ITC3228D Professional Language Skills and Project Preparation (by Collection))
Objectives	The subject orientates students towards their final year capstone project(s) and develops their ability in planning and management the project. It covers various kinds of research methodology, teamwork, time management, and specifically reinforces the language use of both Chinese and English in writing project proposal and thesis.
Intended Learning Outcomes <i>(Note 1)</i>	Upon completion of the subject, students will be able to: a. understand the basic kinds of research methods and processes; b. identify and integrate scholarly sources appropriately and persuasively to support research ideas; c. apply critical and creative thinking in initiating and writing an achievable design project proposal; d. identify potential design project in respect to its implementation plan, evaluation of limitations, and proposal of solutions; e. identify and apply language features and the referencing conventions used by academics in writing up research in their discipline; f. plan, organise and deliver effective oral presentations on project proposals; g. analyse the structure and moves of a thesis and produce clear academic texts.
Subject Synopsis/ Indicative Syllabus <i>(Note 2)</i>	(I) About final year capstone projects Purpose of final year capstone projects Requirements of final year capstone projects Planning and scheduling of project implementation Final year project supervisor (II) Capstone project requirements Defining objectives Data collection Data analysis

	Interpretation of results (III) Dissertation/report composition Contents of thesis Format of thesis Reference styles (IV) Thesis/report writing Writing of project proposal in English Writing introductory chapter for a thesis and a literature review for an area of study in the appropriate format and style of English Writing a project synopsis in Chinese (V) Presentation of project proposal Logical and coherent organisation of presentations Verbal and non-verbal interaction strategies for persuasive presentations																																																							
Teaching/Learning Methodology (Note 3)	Lectures will be structured to introduce the basics of carrying out a capstone project. Instructions will be provided through lectures in order to reinforce the use of language in developing a project proposal and a thesis. Tutorials will be conducted to reinforce taught subjects and instructions. Assignments will be used to reinforce learning and assess learning progress. This subject is collaboratively developed and delivered by staff from ITC, CBS and ELC.																																																							
Assessment Methods in Alignment with Intended Learning Outcomes (Note 4)	<table><tr><th rowspan="2">Specific assessment methods/tasks</th><th rowspan="2">% weighting</th><th colspan="10">Intended subject learning outcomes to be assessed</th></tr><tr><th>a</th><th>b</th><th>c</th><th>d</th><th>e</th><th>f</th><th>g</th><th>h</th><th>i</th></tr><tr><td>1. Assignments</td><td>80%</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td></tr><tr><td>2. Presentations</td><td>20%</td><td></td><td></td><td></td><td></td><td></td><td></td><td>✓</td><td>✓</td><td></td></tr><tr><td>Total</td><td>100 %</td><td colspan="10"></td></tr></table> Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: Students will be required to identify the project areas of interest or work on an assigned brand/case, prepare project proposals in a clear and systematic manner, and deliver oral presentations. Students will be required to submit project proposals for capstone projects I and II in an appropriate format and style of English, as well as project briefs in Chinese ITC staff will contribute to the assessment of Intended Learning Outcomes (a), (b), (c), (d) to (g). CLC staff will contribute to the assessment of Intended Learning Outcomes (b), and (f). Remarks: <i>Students who are non-Chinese speakers and exempted from CLC components in the subject are not required to complete the CLC study hours. The overall assessment of this subject will be derived by proportion excluding CLC assessment results.</i> ELC staff will contribute to the assessment of Intended Learning Outcomes (b), (e) and (g). Student Study Effort Expected	Class contact:	
	▪ Lecture (CLC: 10 Hrs.; ELC: 8 Hrs.; ITC: 6 Hrs.)	24 Hrs
	▪ Tutorial (CLC: 8 Hrs.; ELC: 8 Hrs.; ITC: 12 Hrs.)	28 Hrs.
	Other student study effort:	
	▪ Self-study/Preparation	85 Hrs.
	▪ Presentation	5 Hrs.
	Total student study effort	142 Hrs.
