

Subject Description Form

Subject Code	ITC3225E
Subject Title	Fashion Merchandising
Credit Value	3
Level	3
Pre-requisite(s) / <Co-requisite> / (Exclusion)	Nil
Objectives	The subject provides a thorough understanding of the planning and control issues in managing the fashion and textile merchandise supply chain within the global business context.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: a. manage the merchandising process and communication activities amongst globally dispersed merchandising function teams; b. analyse and develop trade and ethical compliance requirements in order to select appropriate suppliers; c. design and specify control mechanisms to monitor global shipping and logistics operations; d. formulate solutions to resolve contingent problems and crises in international merchandising businesses.
Subject Synopsis/ Indicative Syllabus	(I) Merchandising Function in Supply Chain Operational duties in the merchandising function and their relationship with supply chain management. (II) Merchandising Processes and Planning in Fashion Business Activity workflow design and evaluation; Merchandising plan; Product cost management; Sourcing and vendor management; Product quality and specifications; Merchandising information requirement. (III) Product and Process Sourcing Characteristics of different countries (China, Cambodia, Vietnam, Myanmar, Sri Lanka, etc.) such as political stability, trade advantages (e.g. duty exemption), labor population, labor workmanship, logistics, production lead time, etc.

	(IV) Trade & Shipping Formalities Contract formation and provisions; Financing methods and transaction settlement; Documents and transport chartering activities; Shipping formalities, procedures, freight cost management, rules and regulations. (V) Merchandising Technologies E-sourcing practices and business models; Information and Communication technologies (ICTs) in the fashion business																																																						
Teaching/Learning Methodology	The learning process will consist of lectures, tutorials and self-learning components. In lectures, conceptual elements and updated knowledge in merchandising practices will be organised and presented as in case-based learning materials. Tutorial classes will allow students to reinforce the concepts and principles cognitively through in-depth discussions and sharing. Students will be confronted with real life problems in globally oriented merchandising tasks.																																																						
Assessment Methods in Alignment with Intended Learning Outcomes	<table><tr><th rowspan="2">Specific assessment methods/tasks</th><th rowspan="2">% weighting</th><th colspan="6">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th></tr><tr><th>a</th><th>b</th><th>c</th><th>d</th><th></th><th></th></tr><tr><td>Continuous Assessment</td><td>50%</td><td>✓</td><td>✓</td><td>✓</td><td></td><td></td><td></td></tr><tr><td><i>1. Test</i></td><td><i>25%</i></td><td>✓</td><td>✓</td><td></td><td></td><td></td><td></td></tr><tr><td><i>2.
