

Subject Description Form

Subject Code	ITC4026I
Subject Title	Creative Intimate Apparel Design
Credit Value	3 credits
Level	4
Pre-requisite/ <Co-requisite> / (Exclusion)	ITC3010I Bra Construction & ITC3016I Intimate Apparel Patternmaking & ITC3017I Introduction to Intimate Apparel Design
Objectives	This subject equips students with analytical skills that are necessary for intimate fashion design with both aesthetic and commercial perspectives. It provides the conceptual framework to impart students with multi-faceted perspectives of intimate fashion sense and strengthen their creative design skills with global insights. This subject will also help students' eye of appreciation and creative thinking for their life-long learning.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: a. identify and critically analyse major intimate apparel design movements and styles; b. apply an international perspective to design; c. demonstrate an imaginative approach to the generation and interpretation of design ideas; d. create a cohesive intimate fashion collection applying design elements that demonstrate individual creativity; e. demonstrate the necessary communication skills to present design concepts and ideas at a level acceptable to industry. Also, demonstrate punctuality and participation as the industry requires.
Subject Synopsis/ Indicative Syllabus	(I) Design research Appreciation of different art and design dimensions Latest innovation and trend analysis (II) Idea exploration of individual theme Aesthetic and functional design aspects Creation of design stories Visualisation of ideas (III) Fabric and trim selection Sourcing of fabrics and trims available in the market (IV) Realisation Pattern development Sample creation (V) Presentation of collection Completion of portfolio with prototype Visual and verbal communication skills

Teaching/Learning Methodology	A combination of studio workshops and lectures are designed to provide general framework with specific reference to theoretical and practical issues. Guest seminars given by professionals to share their professional perception provide students a valuable insight into the realities of intimate fashion design markets. Visits to museums, exhibits and design house will also be offered to broaden their design knowledge. Students’ presentation and interactive open- forum discussions will be employed to help students with their verbal and communication skills.							
Assessment Methods in Alignment with Intended Learning Outcomes	Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)					
			a	b	c	d	e	
	1. Design Research	30%	✓					
	2. Individual Project	60%	✓	✓	✓	✓	✓	
	3. Participation	10%					✓	
	Total	100%						
	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: For ILO a, students’ comprehension and interpretation of industry trend will be assessed via a design research/trend report. For ILO a, b, c, d, & e, students’ ability to produce a cohesive yet creative intimate apparel collection will be assessed via an individual collection. In addition for ILO e, students’ professionalism including communication skills and punctuality will be assessed via presentations, attendance and participation in class.							
Student Study Effort Expected	Class contact:							
	▪ Lecture				26 Hrs.			
	▪ Studio				12 Hrs.			
	Other student study effort:							
	▪ Assignments				66 Hrs.			
	Total student study effort				104 Hrs.
