

Subject Description Form

Subject Code	ITC4211I
Subject Title	Creative Design Project
Credit Value	3
Level	4
Pre-requisite(s) / <Co-requisite> / (Exclusion)	ITC3010I Bra Construction or ITC3218I Lingerie Development
Objectives	The subject provides the conceptual framework to examine the multi-faceted perspectives of intimate apparel and activewear design, as well as develops the creative design skills. It also explores the different design requirements and design applications of intimate apparel and activewear.
Intended Learning Outcomes	Upon completion of the subject, students will be able to: a. identify and critically analyse major intimate apparel and activewear design trends and styles; b. apply an international perspective to design; c. demonstrate an imaginative approach to the generation and interpretation of design ideas; d. create a cohesive fashion collection and apply design elements that demonstrate individual creativity; e. demonstrate the necessary communication skills to present design concepts and ideas at a level acceptable to industry.
Subject Synopsis/ Indicative Syllabus	(I) Design Research Appreciation of different art and design dimensions Latest innovations and trends in intimate apparel and activewear Understanding of consumer needs and ergonomic design requirements (II) Idea Exploration of Individual Themes Aesthetic and functional design aspects Creation of design stories Visualisation of ideas (III) Fabric and Trim Selection Sourcing of fabrics and trims available in the market Performance and smart fabrics (IV) Realisation Pattern development Sample creation

	(V) Presentation of Collection Completion of portfolio with prototypes Visual and verbal communication skills																																																											
Teaching/Learning Methodology	A combination of studio workshops and lectures will be designed to provide the general framework, with specific reference to theoretical and practical issues. Guest will be invited to share their professional expertise and valuable insights into the realities of intimate fashion design markets. Visits to museums, exhibits and design houses will also be offered to broaden their design knowledge. Students' presentations and interactive, open forum discussions will be employed to develop their presentation and communication skills.																																																											
Assessment Methods in Alignment with Intended Learning Outcomes	<table border="1"> <thead> <tr> <th rowspan="2">Specific assessment methods/tasks</th><th rowspan="2">% weighting</th><th colspan="5">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th></tr> <tr> <th>a</th><th>b</th><th>c</th><th>d</th><th>e</th></tr> </thead> <tbody> <tr> <td>Continuous Assessment</td><td>100%</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td><td>✓</td></tr> <tr> <td><i>1.
