	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: Students will be required to identify the project areas of interest, prepare project proposals in a clear, systematic and persuasive manner, and deliver oral presentations. “The materials submitted for this assessment must be the student’s own work. The submitted work may not be accepted for the purpose of assessment if its authenticity is questionable. Submitting GenAI-generated materials as students’ own work or part of their work is an act of academic dishonesty. Students who are found committing academic dishonesty will face disciplinary actions.”
