

The Hong Kong Polytechnic University

Subject Description Form

Please read the notes at the end of the table carefully before completing the form.

Subject Code	SFT5042
Subject Title	Paris Fashion Seminars & Visits
Credit Value	3
Level	5
Pre-requisite/ Co-requisite/ Exclusion	Nil
Objectives	The goals of this course will enable students to 1. understand the influences of luxury industries on fashion and fashion marketing in each of the participating countries of the program and to highlight the forces that are currently at play; 2. familiarize themselves with the consumer demographics and the psychographics of the dominant and the emerging luxury markets in France; 3. recognize the importance of the history of the leading fashion business establishments in France and their effect on retail practices worldwide; and 4. evaluate various types of luxury retail marketing as well as production facilities with particular emphasis on production of luxury goods.
Intended Learning Outcomes <i>(Note 1)</i>	Upon completion of the subject, students will be able to: 1. Appreciate the socio-cultural orientations in global fashion market. 2. Manage and understand the cultural differences and similarities in an era of globalization. 3. Understand the role of France in the context, the challenges and opportunities in it.
Subject Synopsis/ Indicative Syllabus	1. <u>Paris Fashion: Cultures and Styles</u> The origins of haute couture beginning with Charles Frederick Worth and extending through the end of World War I, the

(Note 2)	collections of the Musee de la Mode to explore the quality demands of couture; the art of haute couture: from Chanel to La Croix, construction techniques and marketing techniques. Site visits to the salons of such as Dior, Yves St. Laurent, and the like. 2. <u>Development of French Retail and Marketing</u> The origins of the French retail systems from Les Passages to Les Grands Magasins, and how the notion of the department store developed in Paris and influenced the world; Pret-a-porter and the rise of the Department Store. Seminars include executives from the three leading stores, Le Printemps, Galleries Lafayette and Samaritaine on the future of French retailing. 3. <u>Consumer Motivation: An European Perspective</u> Demographics and psychographics of the Continental European consumer, and comparisons with the American, European and Asian populace. 4. <u>Luxury Branding as a Marketing Force</u> Strategies that company has taken to remain the premier luxury goods disseminator in the world. Visit to the LVMH headquarter; seminars on some of the internationally-renowned luxury brands seminars and discussion with directors and senior management. 5. <u>Production Specialties: Made in France</u> Successful French niche-goods marketing, from perfume to pate, the French talent for elevating a national identity through product and its marketing. Site visits to Quest International and Fauchon. A trip to Reims sponsored by LVMH, the ultimate French niche market: champagne, all aspects of production, marketing and exportation.
Teaching/Learning Methodology (Note 3)	During the course of the program, the students from SFT of The Hong Kong Polytechnic University, as well as those master students from Institut Français de la Mode (IFM in Paris) and the Fashion Institute of Technology (FIT in New York) will convene for 10 days at each of the participating institutions for an intensive seminar and site visits. The purpose is to explore aspects of the fashion industry particular to that city and that region of the world. Topics to be covered include fashion influences and trend spotting, consumer behavior, major retailers and their strategies for success, and production capabilities. Each participating institution brings a unique perspective to the program. These include manufacturing, merchandising, and global supply management from SFT, marketing of luxury goods with cultural tradition and newest expression from IFM, and product development and wholesaling and retailing from FIT. Students will participate in different class seminars, site visits and meetings with industry leaders. Cultural excursions will be arranged for the students to encourage further interchange among the students

Assessment Methods in Alignment with Intended Learning Outcomes (Note 4)	<table><tr><th rowspan="2">Specific assessment methods/tasks</th><th rowspan="2">% weighting</th><th colspan="3">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th></tr><tr><th>1</th><th>2</th><th>3</th></tr><tr><td>2. Note 1: Intended Learning Outcomes

Intended learning outcomes should state what students should be able to do or attain upon subject completion. Subject outcomes are expected to contribute to the attainment of the overall programme outcomes.

Note 2: Subject Synopsis/Indicative Syllabus

The syllabus should adequately address the intended learning outcomes. At the same time, overcrowding of the syllabus should be avoided.

Note 3: Teaching/Learning Methodology

This section should include a brief description of the teaching and learning methods to be employed to facilitate learning, and a justification of how the methods are aligned with the intended learning outcomes of the subject.

Note 4: Assessment Method

This section should include the assessment method(s) to be used and its relative weighting, and indicate which of the subject intended learning outcomes that each method is intended to assess. It should also provide a brief explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes.
