

The Hong Kong Polytechnic University

Subject Description Form

Please read the notes at the end of the table carefully before completing the form.

Subject Code	SFT524E
Subject Title	Apprenticeship
Credit Value	3
Level	5
Pre-requisite/ Co-requisite/ Exclusion	Nil
Objectives	This subject has the following objectives: 1. Allow students to complete training with a master artisan of their choice, in their region, subject to program approval. 2. Learn artisanal skills not covered in the program for use in their capstone project. 3. Preserve and pass on artisanal traditions for the future of fashion.
Intended Learning Outcomes <i>(Note 1)</i>	Upon completion of the subject, students will be able to: a) Gain a new artisanal skill with an understanding of its history, techniques and cultural significance. b) Apply new skills, techniques and processes to the capstone project. c) Gain valuable networks with the artisan community. d) Have the ability to present, share and educate others.
Subject Synopsis/ Indicative Syllabus <i>(Note 2)</i>	This optional Apprenticeship elective course allows students to study with a master craftsperson, of their choice in their region, to learn skills they wish to include in their capstone project. A requirement during midterm and at the end of the apprenticeship is a site evaluation. In addition, students must prepare an audio/video presentation of the craft that was learned, including the historical context, tools, techniques, and contemporary applications.
Teaching/Learning Methodology <i>(Note 3)</i>	▪ Students will complete 105 hours of internship with an artisan of their choice, approved by the program. ▪ Weekly timesheets submitted by the student ensure attendance and participation. ▪ During midterm and at the end of the apprenticeship, an

	evaluation will be completed by the apprenticeship site. Students are to complete a required audio/visual presentation of the craft that was learned, including the historical context, tools, techniques, and contemporary applications.						
Assessment Methods in Alignment with Intended Learning Outcomes <i>(Note 4)</i>	Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)				
			a	b	c	d	
	1. Attendance	30%	✓	✓	✓		
	2. Midterm Evaluation	25%	✓	✓	✓		
	3. Final Evaluation	25%	✓	✓	✓		
	4. Presentation	20%	✓	✓		✓	
	Total	100 %					
Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: <u>Attendance 30%</u> Weekly timesheets ensure that the student is participating in the apprenticeship. <u>Midterm & Final Evaluations 50%</u> An evaluation by the apprenticeship site will provide an assessment of the student's performance. <u>Presentation 20%</u> Student presentation assessed for knowledge check on historical context, tools, techniques, and applications.							
	Apprenticeship		105 Hrs.				
	Total student study effort		105 Hrs.				
Reading List and References	n/a						

Note 1: Intended Learning Outcomes

Intended learning outcomes should state what students should be able to do or attain upon subject completion. Subject outcomes are expected to contribute to the attainment of the overall programme outcomes.

Note 2: Subject Synopsis/Indicative Syllabus

The syllabus should adequately address the intended learning outcomes. At the same time, overcrowding of the syllabus should be avoided.

Note 3: Teaching/Learning Methodology

This section should include a brief description of the teaching and learning methods to be employed to facilitate learning, and a justification of how the methods are aligned with the intended learning outcomes of the subject.

Note 4: Assessment Method

This section should include the assessment method(s) to be used and its relative weighting, and indicate which of the subject intended learning outcomes that each method is intended to assess. It should also provide a brief explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes.
